

BRIDGE BETWEEN WALLS

community outreach partner

CAUSE: At-Risk Children

LOCATION: Clarkston & Chamblee

MISSION: Share the message of Jesus Christ with people of other cultures and religions in Atlanta

Bridge Between Walls was formed through DBC's partnership with Bayo Oti, a local Nigerian missionary and former practicing Muslim. The ministry focuses on bridging the gap between other religions and Christianity. This is primarily accomplished through one-on-one evangelism that demonstrates the love and grace of Jesus Christ while also providing for the physical and practical needs of individuals and families.

Community Ministry in Clarkston: To reach this community with the Gospel, Bayo has been able to form important partnerships within the community that assist him in being warmly welcomed by its residents. By working alongside these community associations, Bayo is able to reach individuals and families to help meet their physical and spiritual needs.

Apartment Ministry in Chamblee: Bridge Between Walls ministers to more than 140 Hispanic families in the Huntington Terrace Apartments in Chamblee. The ministry provides a variety of services to residents, including ESOL classes, family counseling, Bible study opportunities and daily after school programming. Each week, Bayo visits the families he works with to fellowship with them, provide prayer support and offer practical assistance.
